Pre and Post Doctoral Nursing Fellowships in Cancer, Aging and End-of-Life Care

Funded by a T32 grant from the National Institute of Nursing Research, this Pre and Post-Doctoral Nursing Fellowships Program builds upon the expertise and research opportunities within the University of Utah Center on Aging, the Huntsman Cancer Institute, Hartford Center of Geriatric Nursing Excellence and the funded research at the College of Nursing, including the $7.8 million NIH-funded PO1 grant, Partners in Hospice Care.

Fellowship Options:
- In-Residence
- Distance with intensive on-site experiences

Fellowship Components:
- Mentorship
- Interdisciplinary Research Training & Experience
- Professional Development Opportunities
- Research Seminar and Journal Club

Full-time fellowships include a stipend, tuition support, and a travel allowance. Fellows participate in active faculty research and receive mentorship to advance their own program of research. Fellows become members of the community of scholars at the College of Nursing and are provided with the full array of resources available within the Emma Eccles Jones Nursing Research Center. This premiere center occupies the entire top floor of the Annette Poulson Cumming Building.

To Apply:
