

**College of Nursing Research Committee
Research Grant Award**

Report Face Page

The recipient of a Research Grant Award must submit a one-page, single-spaced, report at the end on one year of funding. Additionally, if there is a tangible product, the recipient should send a copy of the product to the committee, as they become available. This includes, but is not limited to, such items as articles, books, photographs, or other appropriate material (see also documentation for Creative Projects). Tangible products will be returned.

The committee will consider no new applications from an investigator until final reports from previous grants awarded by the URC are submitted.

Investigator Name:

Grant Title:

Date of Grant Award:

Signature:

Date of Final Report _____

Attach this cover page to a one-page report which should include answers to the following questions:

1. Does the research performed agree with that in the original proposal? If not, why not?
2. Have any published papers, presentations, patents, proposals for subsequent funding (University or external funding, with funding amount and date), or other performances resulted from this research project? (Please submit copies with this report).
