The PRESIDENT’S message

Suzanne S. Prevost, PhD, RN, COI
President,
Honor Society of Nursing,
Sigma Theta Tau International (STTI)

The Honor Society of Nursing, Sigma Theta Tau International (STTI) has been an international organization for more than 30 years; but throughout those years, the overwhelming majority of our members have been Americans. Since 2009, we have made a concerted effort to become a more "intentionally global" organization. Today I will share a few of the indicators of forward movement with this globalization agenda.

During 2012, our membership peaked at 131,980 with 486 chapters spread across 24 countries and members residing in 86 countries. Read more.
