Faculty Spotlight:

Carrie Huntsman-Jones recognized **Dr. Jennifer Clifton** on the [Pulse Employee Recognition](#) page for *Making a Difference and Respect*. "Jen is one of the best bosses I have ever worked for. She is receptive to ideas & is a great resource for me as a new NP. She is very supportive and always willing to answer questions. Thanks!"

Carrie Huntsman-Jones recognized **Dr. Katie Davis** on the [Pulse Employee Recognition](#) page for *Making a Difference*. “Katie has been working hard to meet the needs of the [RedMed Clinic](#). She has been an amazing support and resource. She has been putting in extra time so that the clinic can run more smoothly. Thanks!”

Global Engagement:

Drs. Deanna Kepka, Schola Matovu, and Debra Penney hosted a Human Papillomavirus Vaccination and Cervical Cancer Prevention Bootcamp Training Workshop at [Clarke International University](#) in Kampala, Uganda for approximately 100 persons. Participants attended in person and by zoom. Engaging discussions focused on potential strategies to eliminate cervical cancer in Uganda, where, among women, cervical cancer has the highest cancer-related incidence and mortality. Numerous faculty, nursing students, and clinical medicine students were highly engaged and motivated to learn more and become involved. The team facilitated three interactive small group discussions, and collected data using pre-training and post-training surveys.
